CITY OF SOUTH PORTLAND, ME.

IN COUNCIL.

JANUARY 30th, 1914.

Ordered, That the Auditor and Committee of Finance and Claims be and are hereby instructed to make the Fifteenth Annual Report of the Receipts and Expenditures of the City of South Portland, for the financial year ending January 31, 1914, and that twelve hundred copies of the same be printed for the use of the city and for distribution, and reports of the City Officers returned to the City Council at the close of the financial year, be appended thereto.

(Signed) W. E. BROWN.

A true copy.

ATTEST:

WOODBURY P. HARRINGTON,
City Clerk.

AUDITOR'S NOTICE.

AUDITOR'S OFFICE, CITY OFFICES,
CITY OF SOUTH PORTLAND, ME.

All bills must be presented for payment on or before the first Wednesday of each month to insure payment during that month, and must specify what the article or articles were for, and for what department, and when for labor, where it was performed, with proper dates.

Items charged to different appropriations or departments must be made on separate bills.

The Auditor desires parties, whose claims against the city have been allowed, to be prompt in their calls to receive payment, and when bills have been once presented, ascertain if allowed before duplicating the amount on a subsequent bill, as is sometimes done.

PAY DAYS.

In all departments (except teachers and janitors) the Saturday following the second Wednesday in each month. For teachers and janitors, every second Friday following the opening of the school year.

CORNELIUS J. McCANN,
City Auditor.

RECEIPTS AND EXPENDITURES.

FROM FEBRUARY 1, 1913, TO FEBRUARY 1, 1914.

*To the Honorable Mayor and Board of Aldermen of the City
of South Portland:*

Number inmates at City Home, 14.

We are boarding children under our care in outside families at \$1.50 per week.

We wish to acknowledge our indebtedness to the various city officials for the assistance we have received and especially to the City Solicitor, Mr. Sanborn, for his valuable services in collecting funds due our department together with his ever ready advice on all matters pertaining to the city's welfare. We would also extend our personal regards to Dr. Jordan, the City Physician, whose promptness in responding to our calls has not only been financially advantageous but has greatly simplified our duties.

In conclusion, we wish to express our gratitude to the keeper and matron, Mr. and Mrs. Durost, whose efficient management and diligent attention to every detail has been very commendable and entirely satisfactory.

For itemized expenditures, see Auditor's report.

Respectfully submitted,

WILLIAM A. COBB,	}	<i>Overseers of the Poor.</i>

THOMAS E. MCNAIR,		

REPORT OF CITY ELECTRICIAN.

To the Honorable Mayor and Board of Aldermen:

GENTLEMEN:—I herewith submit my report for the year ending January 31st, 1914:

INSPECTION.

I have made eighty-six inspections and issued sixty-one permits, as follows: 20 new buildings; 31 old buildings; 5 cottages; 2 garages; 1 stable and 2 motors.

FIRE ALARM.

There have been 35 alarms from the following boxes: One from box 12; one from box 14; one from box 15; two from box 18; one from box 22; one from box 25; two from box 32; two from box 34; one from box 35; three from box 36; two from box 37; one from box 45; one from box 46; two from box 47; one from box 57; one from box 58; one from box 65; one from box 67; one from box 72; two from box 74; six from box 75; one from box 77.

There have been five false alarms: One from box 34; two from box 36; two from box 37.

On March 27th, 1913, the Gamewell system connecting Wards No. 1 and No. 2 was turned over to the City by Hose Co. No. 1. Those wards are controlled by eleven No. 4 Sector Fire Alarm Signal Boxes.

In October Box 45, located at City Square, Knightville, was replaced by a Loper Successive Non-interfering Signal Box.

I have installed in the Knightville Schoolhouse a new switchboard that operates the system, and I would recommend that the tapper circuits of Wards No. 1 and No. 2 be terminated at the new switch board, so that the attendant can have an eye on the whole system at all times, thereby saving a lot of time in locating trouble on the lines.

I would also recommend that the box circuits be extended to Wards Nos. 1, 4, 5, 6 and 7, as it would give the City a more positive and efficient system than we have at present.

COMPRESSED AIR PLANT.

There have been some improvements made on the compressed air plant this winter — that of installing a new water jacketted motor and a low pressure tank and reducing valve, also extra safety devices.

This part of the system has not been accepted by the Committee, owing to the delay of the company furnishing the necessary apparatus to make the changes; also not giving sufficient time at this date to give it a proper trial.

This part of the system will need a lot of care and attention, owing to the complication of the apparatus and the location of same.

I would recommend that the Committee on Fire Department have some fire alarm cards printed, as there is not an intelligible card in our city at present.

We have at present in this department property at the value of about \$4,500, and I hope in the near future our City Fathers will see fit to extend the system to the other Wards so as to give all of our Citizens equal protection.

Respectfully submitted,

CHAS. H. BRIMECOMBE,

City Electrician.

REPORT OF BUILDING INSPECTOR.

*To His Honor the Mayor, and Honorable Board of Aldermen,
and likewise the Honorable Citizens of South Portland:*

I herewith submit my report as Building Inspector for the year ending January 31, 1914.

During my term of office fifty-nine permits have been granted by the Council. I am pleased to state that the class of buildings erected during the past year has been as good as the average, if not better, and wish to say that the Home for Aged Ladies is a credit to the city, and to the trustees who had charge of its construction. All building permits have been promptly forwarded me by the city clerk as soon as granted by the Council, and in every case inspection has been made immediately upon request by owner or builder. All buildings inspected have been found to comply fully with the law.

In some cases I have found that builders, either through ignorance of the law, or through carelessness have failed to call for inspection at the proper stage of construction, for the benefit of themselves, and the owners, would recommend that such builders, also owners, acquaint themselves with the laws and penalties to be found in the statutes of the State of Maine.

Respectfully submitted,

FRANK F. COOMBS,

Inspector of Buildings.

South Portland, Me.

REPORT OF BOARD OF HEALTH.

To the Honorable Mayor and Board of Aldermen:

The following report of Health Board is submitted:

Total number of inhabitants in city in year of 1913, 8,000.

Total number of births, 162. Male, 84. Female, 78.

Total number of deaths, 122.

Vital statistics which will be found in another portion of city report, will give causes of deaths, which have occurred during the year just closed.

INFECTIOUS DISEASES.

Typhoid Fever, cases reported 12, deaths 0. Measles, cases reported 77, deaths 2. Scarlet Fever, cases reported 5, deaths 0. Diphtheria, cases reported, 10, deaths 1. Tuberculosis, cases reported 7, deaths 0. Whooping Cough, cases reported 6, deaths 0.

The waterfront has been well taken care of. The unsightly shores have been made to look very well, and dumps have been provided for in the east end of city and well patronized, which speaks cleanliness for the citizens of that part of the city. Action should be taken at once for public dumps in other localities.

We were pleased to note the action of Aldermen Foley, of Ward 4, in taking immediate steps for collection of garbage from that ward.

Action should be taken at once to make the city jail more sanitary, by removing the bedding and slop-pails, and replacing with toilets and plain board benches. We must call your attention to the fact that the jail is located directly beneath the City Treasurer's office, and during warm weather the odor coming from it is very obnoxious and offensive.

The report will show a small epidemic of scarlet fever and diphtheria during the year, but this was well in hand at all times.

One case of small pox, which to say the least, was very expensive, and should be a good lesson to the City Council,

for which they should take immediate steps to change the ordinance, and so bring the medical attendance and other expenses down to a reasonable and respectable figure.

First of all there should be a detention house, which should be very handy and convenient. This could be built at a small cost, and would always be of use for any contagion, for this is one of many things that is making big expense for the city.

There have been a great many complaints during the year, and we have tried to satisfy each and every one, doing what we thought was our duty.

We have not been able to do all we should have liked but went as far as we thought feasible in consideration of the amount of money we had at our disposal.

One of the most active untiring members, who is always ready to do his duty and more, when called upon day or night, is the chairman of our board, Mr. Samuels, and he should be given a great deal of credit for the present cleanliness of our city. He has the welfare of every citizen at heart, and has been of great assistance to your secretary.

Received from plumbers, for licenses and plumbing permits, \$46.75, all of which has been paid to the City Treasurer, and for which I hold his receipt.

L. S. LOMBARD,
Secretary of Board of Health.

CITY CLERK'S REPORT.

*To the Honorable Mayor and Members of the City Council,
South Portland, Maine:*

GENTLEMEN:—I herewith submit the following report of the work relative to this office from February 1st, 1913, to January 31st, 1914, inclusive:

All fees collected in this office have been recorded in fee book, and turned over to City Treasurer, and receipt taken for same.

There have been issued from this office licenses and permits as follows: Permits to build new buildings, 50; permits to build additions, repair and occupy streets, etc., 30; fruit peddlers' licenses, 11; junk dealers' licenses, 27; victualers' licenses, 5; pool room and bowling alley licenses, 2; pool room and billard hall licenses, 3; moving picture house licenses, 2; auctioneer's license, 1; to collect house offal, 1; to sell fireworks, 10; sewer permits, 26.

DOG LICENSES.

There have been issued 254 dog licenses and one kennel license. 239 males, 15 females, 1 kennel.

VITAL STATISTICS.

There have been returned to this office for record 162 births, 159 deaths and 98 marriages.

REPORT OF CITY PHYSICIAN.

*To His Honor, The Mayor, and Councilmen of the City of
South Portland:*

GREETINGS:

The following is my report as City Physician for the year 1913.

I have visited the City Home twelve times; have called at the homes of the out-poor thirty-four times, and they have called at my office twelve times.

There have been two deaths at the City Home and three among the out-poor.

I have had one case of small pox, and have vaccinated sixty-two people.

The ability of Mr. and Mrs. Durost, Superintendent and matron of the City Home, have made the work of the physician very easy at the Home.

I would feel that I was doing the Board of Health an injustice if I did not mention them in connection with the small pox case. I had their entire co-operation in the management of the case. They were never too busy nor the hour too early or late to answer every summons. They accompanied me on many of my visits, both to the patient and rounding up those who had been exposed. The City should feel very grateful that they had only one case of small pox, as at least sixteen people came in direct contact with the patient.

Yours respectfully,

FRANK H. JORDAN,
City Physician.

REPORT OF CITY SOLICITOR.

To the Honorable Mayor and Board of Aldermen:

The first word to be spoken in connection with the report of this office is one of sadness; a reminder of our common loss, in the untimely death of Benjamin Coffin, whom you honored at your annual meeting by electing him as your City Solicitor, and who was destined, had he been spared, to reflect further honor upon our city. No community can well afford to lose men of the high ideals and disinterested public spirit always displayed by Mr. Coffin.

At your request after the vacancy created by his death I assumed the duties of the office and have so continued during the year.

The principal work I have been called upon to do has been to advise the various city officials as to matters connected with their respective duties.

A controversy has arisen between the city and the Texas Company relative to a fence erected by the Company designed to surround their holdings; many citizens contending that they have obstructed certain of the city streets by building their fence across them. It is evident that in the case of certain of these so-called streets, there has been no formal laying out, but it is claimed that the locations have been used by the public as streets without objection or interruption by the owners of the lands crossed by them for more than twenty years and I have advised the city council that if this fact can be established they would be justified in directing the Commissioner of Public Works to remove the fence from these street locations. I do not believe there is sufficient doubt about either the law or the facts to render litigation likely.

The action of William E. Dyer against the city for damages occasioned by water running into his basement, in which a verdict against the city had been found and which went to the law court, was returned from that body with an opinion

sustaining the contentions of the city and granting a new trial but it is not intimated that a new trial will be asked for by the plaintiff. The outcome of this case was of much importance to the city.

No suits are now pending to which the city is a party.

Respectfully submitted,

LAUREN M. SANBORN,
(Acting) City Solicitor.

REPORT OF BOARD OF REGISTRATION OF VOTERS.

His Honor the Mayor and Board of Aldermen:

GENTLEMEN:—The Board of Registration of Voters respectfully submits its fifteenth annual report.

The beginning of the municipal year discovered this department of our city with an aggregate of 1,848 names borne on the roll of voters as posted for the municipal election, March 3, 1913. As is ever the case in all municipalities some of these had ceased to be citizens of our city. The registration session next preceding said election added 57 new names to the voting lists, increasing the total to 1890., For reasonable cause our regular revision session was postponed from July to September. Meantime the Governor's proclamation calling a " Special " state-wide election for September 8th, came to our attention barely in season for posting lists of voters within the legal limit. A quick session was called and a hurried revision made to meet the exigency.

During the period from August 8 to September 8, a week's time was put in completing the regular annual revision. In this session 130 names were stricken from the lists as having lost the right of franchise in our city. Forty-five changes in ward residence was also found and confirmed, besides the usual lot of street number changes. A full session was held for the qualification of new voters for the aforesaid special election of September 8, but so little interest was manifest that only three qualified, and less than 150 went to the polls and voted.

Elections this year will occur as follows: Municipal, Monday, March 2; Water District (trustee), Monday, May 25; Direct Primary, Monday June 15; State Election, Monday, September 14.

This board will be in session the five secular days, (Water District, two days), next preceding each of these events for the purpose of registering voters and otherwise revising the lists.

Since last revision ten deaths have further reduced the total of voters, so that the lists now posted for the coming municipal election show our voting strength, minus the names to be added in the February session, to be as follows:

Ward 1,	233
Ward 2,	260
Ward 3,	281
Ward 4,	244
Ward 5,	192
Ward 6,	256
Ward 7,	289

Total,	1,755
--------	-------

It is interesting to note that for the first time in the existence of this board, its annual report (the current one), shows a less number of voters than the year next preceding.
